1. PROJECT: BGFIEND (in HTSTEIN only)
2. AUTHORIZED DURATION: Indefinite
3. ORGANIZATIONAL DATA: None
4. SUMMARY OF ACTIVITY:

A. Penetration Attempt of JEPARSON: On 14 July, an incident involving Identity (1) set off an investigation now being conducted by [redacted], Chief CE, MCB. This incident was first reported in CFMAG-1374, dispatched to [redacted] on 16 July. This particular event is coincidental in time with a letter from home office requesting field reports in connection with attempted penetrations of BGFIEND activities. To consolidate a complete summary of this incident, an excerpt of 1374 follows: "During the morning of 15 July, the undersigned met [redacted] and received the following information: during the evening of 14 July, Identity (1) was met accidentally in a Munich cafe by an individual who spoke fluent KMWAHOO. Several leading questions were asked of Identity (1) by this stranger. He then paid Identity (1) 30 DM's and made arrangements for the two to meet the following morning at the Ostbahnhof, Munich. Identity (1) went to JEPARSON and reported this meeting to [redacted]. The next morning Identity (1), accompanied by [redacted], [redacted] and Identity (2), parked in a location near the Ostbahnhof. From there Identity (1) walked to the rendezvous point and was met by the stranger in company of two other men. They were parked in a vehicle, the description and license number being recorded by Identity (2), who was able to observe clearly from a safe distance. At this second meeting this stranger asked Identity (1) more questions. In first reporting this incident to the undersigned, [redacted] stated that Identity (1) gave evasive answers." The above information was passed on immediately to [redacted] by the undersigned.

During [redacted] J's 4-6 August visit to the Munich area, he discussed with members of [redacted] staff the KMWAHOO-TPROACH political relations, the conceivably underlying basis for this penetration attempt, and offered pertinent suggestions now being considered by [redacted] for his investigation. Since he began his investigation, BGFIEND/MCB has assisted [redacted] by furnishing documents and various items of information that have proved beneficial toward his efforts. The undersigned is aware that home office is currently informed as to the progress of this investigation.

B. Visit of Henry R. Malament and []

Between 4-10 August, Malament and [] were in the Munich area principally to visit JBPARSON. On 4 August [], Malament, [] and [] spent the morning at JBPARSON where arrangements were made for Malament and [] to tour the entire compound. An added feature, that of an inspection of a KMWAAHOO honor platoon by Malament, lent to the visiting entourage an impressive official flavor. That evening a dinner, attended by the entire WAAHOO complement, was held at JBPARSON, upon which occasion Malament and [] addressed the assemblage, keynoting their speeches on a principal point suggested to them by [], viz., subservience of singular political aims to the over-all welfare of HTNEIGH whose strength and unity must be based on non-political cooperation.

Visiting Malament and [] on the day before their departure, the undersigned was told by the first mentioned that he was decidedly impressed by the good morale, general cooperation of the political groups and the fine degree of discipline of the JBPARSON KMWAAHOOS. There is no doubt as to the favorable impression this visit made in the minds of the JBPARSONITES.

C. [] On 4 August, [] departed from Munich on the first leg of his return to the ZH. The last act performed by this office in connection with [] was the confiscation of several hundred feet of colored movie film of JBPARSON which he had in his possession. This film will be screened by the security section, FOB, and if judged to be non-compromising, will be returned to [].

D. Identity (2): On 6 August, Identity (2) finally left JBPARSON to assume his new duties with Identity (3) in Identity (4), reference June Report, Action Pending, Field.

E. Safe House: On 23 July, the undersigned took possession of the new safe house for BGFIEND in the Identity (5) area. This site is prepared for operational housing and can accommodate up to 10 persons for extended periods.

F. Mailing Campaign: On 15 July, a letter sent to this office by [] was mailed in Identity (6) by Betty A. Kimmikin.

G. JBPARSON - General:

a. As of 15 August, the JBPARSON KMWAAHOO strength is 205.

b. In early August the promotion freeze for U.S. Army enlisted men was lifted. Request for promotion in rank for

will be made shortly and, if granted, he will regain his MOS-1017 (ref. CMCWU-1478).

c. The assessment to determine the eligibility of 6 JBPARTSON KMWAAHOOS for the CAXABASH P/A Program began on 14 August and was completed on 15 August. Results will be tabulated within 5 days following the assessment, at which time the undersigned will dispatch all reports, including medical, to home office of these, if any, who are accepted. Gallegly informed the writer that although Identities (7) and (8) are included in this assessment, they should not be selected should they pass, because of the great need for their professional services at JBPARTSON. At the same time, it was agreed by [] and the writer that an assessment of their capabilities would prove beneficial should they be considered for any future operational use.

d. [] informed the writer of the difficulty recently encountered by his office in effecting the assignment of an Air Force officer as permanent commander of JBPARTSON due to the crossed Services involved placing this man under the Command of an Army Headquarters. Thus, if [] gains an extension of command for the present temporary C.O., this officer, whose performance since assuming his present duties has been excellent, will continue indefinitely as the JBPARTSON C.O.

5. ACTION PENDING - FIELD:

- A. Dispatch of P/A assessment results to home office.
- B. Investigation Reports of attempted JBPARTSON penetration (to be furnished by CE,MOB).

6. ACTION PENDING - HOME OFFICE: None.

7. COMMENTS AND RECOMMENDATIONS: None.

8. INDICATIONS OF EFFECTIVENESS:

The late visit to JBPARTSON by Malament and [] sponsored by correct briefing, demonstrated the real worth of such an undertaking. Future periodic visits by members of HINEIGH, under proper conditions, will serve to increase the JBPARTSON esprit de corps.
